AWS 95 Tune-Up 2.0 - Available (11/94)

Article Created: 17 November 1994

TOPIC -----

This article describes where to get the AWS 95 Tune-Up 2.0.

DISCUSSION -----

Apple Business Systems (ABS) recently completed an A/UX 3.1 tune-up kit for the Apple Workgroup Server (AWS) 95. The tune-up provides software fixes and some performance enhancements, and is free to all AWS 95 users. The Tune-up can only be used with systems that run A/UX 3.1. The kit includes about 2 MB of software and takes 5 minutes to install.

Some of the enhancements that Tune-up 2.0 offer are:

- Timbuktu with TCP/IP connection now works with the system.
- Colour Central and AppleSearch no longer hang under heavy user load.
- Improved performance when saving large files with resource forks.

You are encourage to use the Tune-up kit.

These articles can help you locate the software update mentioned here:

- "Where To Find Apple Software Updates"
Lists online services for "free" Apple software updates.
- "Obtaining Apple Product Support in the USA"
Lists 800 numbers and online services for software updates, Apple support information, and a subset of the Apple Tech. Info. Library.
