TOPIC -----

If I buy "PATHWORKS for Macintosh" licenses from Digital, do they include software updates for Apple software in the bundle (MacX 1.1.7, MacTCP 1.1, MacTerminal, DAL, and so on)?

DISCUSSION -----

The "PATHWORKS for Macintosh" licenses package from Digital does not include automatic software updates.

If you would like to have software updates, you need to order Maintenance Service from Digital, part number QTYPCAA-E5. There is a yearly charge. Contact your local Digital representative or Digital DECdirect Pre-purchase Technical Assistance.
