Hard Disks: Locating SCSI ID Jumpers (5/94)

Article Created: 19 May 1994

TOPIC -----

I am looking for the SCSI ID jumpers used on hard disks. Is there a way to get them?

DISCUSSION -----

The Molex part number for the small white jumper used to set the SCSI ID on a Quantum 250MB hard drive is 52778-0221. This part should be available at any electronics part store.
