Article Created: 21 August 1996

TOPIC -----

This article describes where to get technical support for Apple products in Europe.

DISCUSSION -----

For technical support on Apple products in Europe, you have a number of options:

- Contact the supplier of your local Apple Product - Ask your Apple dealer or retailer for advice on solving your technical question.
- Help Line (Telephone) Support - The European Apple Assistance Centers provide telephone support in the local language to Apple customers in Austria, Belgium, Denmark, Finland, France, Germany, Ireland, Luxembourg, Netherlands, Norway, Sweden, Switzerland, and the U.K. There are also Support Centers in Italy and Spain.

Generally, there is free "up-and-running" support for customers of Apple products for a fixed period after purchase, and fee-based support thereafter or as a premium service. Contact your local center for details:
