AV Systems: Apple Phone and Audio File Types (2/94)

Article Created: 11 February 1994

TOPIC -----

What are the file types of Apple Phone's messages and greeting? Also, how do I open Apple Phone files?

DISCUSSION -----

Apple Phone message and greeting files are saved as AIFF files.

They are saved to the Preferences folder inside the System Folder and can be opened with many audio programs, such as MacroMedia's SoundEdit Pro and Director and Adobe Premiere.
