Power Macintosh: Compatible with Old External AppleCD SC (9/95)

Article Created: 07 September 1994

Article Reviewed/Updated: 7 September 1995

TOPIC -----

Is the AppleCD SC External CD drive compatible with the Power Macintosh using Apple CD Setup 4.5 that comes with the Power Macintosh?

DISCUSSION -----

The AppleCD SC external CD-ROM drive is compatible with Power Macintosh computers. If there are problems mounting CD's, check for proper termination, that the most current version of the CD-ROM driver software is installed, and use cables that are properly shielded.
