System 7: File Sharing Maximum Shared Users & Folders

Article Created: 5 March 1991

Article Change History

09/04/92 - REVISED

- With information for both folders and users.

TOPIC -----

How many people can connect to my Macintosh computer via file sharing?

How many folders can I share?

DISCUSSION -----

Up to 10 users can be concurrently connected to folders that you are sharing. You can name as many as 100 users and groups of users combined, but for optimal performance, it is recommended that you name no more than 50.

Up to 10 folders per machine can be shared, each having an unlimited number of enclosed folders.
