System 7: No Need for the 32-Bit QuickDraw INIT (12/95)

Article Created: 10 May 1991

Article Reviewed/Updated: 6 December 1995

TOPIC -----

Do I need the 32-bit QuickDraw INIT with System 7?

DISCUSSION -----

No. 32-Bit QuickDraw has been integrated into System 7, and the INIT is no longer needed to get the benefits of 32-Bit QuickDraw. The System 7 Installer will delete the old 32-Bit QuickDraw INIT from your System Folder during installation.
