Retrospect: Error -43 (file not found) (8/93)

Article Created: 18 August 1993

TOPIC -----

What is an Error -43 (file not found) in Retrospect?

DISCUSSION -----

Error -43 (file not found) in Retrospect means that someone moved or deleted one or more files and folders on the target Macintosh while a backup or compare operation was in progress.

What to do: Try backing up again. If this error continues to occur, run Apple's Disk First Aid, or another commercial disk checking utility on the disk in question.
