## Retrospect: One StorageSet Per Tape (8/93)

Article Created: 17 August 1993

TOPIC -----

How do I put more than one Retrospect StorageSet onto a single tape?

DISCUSSION -----

You cannot have more than one StorageSet on a single tape. However, there is little need to do this, since you can back up as many volumes as you want to a single StorageSet.

For further information on working with Retrospect and Retrospect A/UX, search the Tech Info Library by "Retrospect" or "Remote."
