Article Created: 02 September 1994

Article Reviewed/Updated: 15 February 1995

TOPIC -----

Our customers are wondering why Adobe Type Manager (ATM) 3.8 was not included in System 7.5 and why Apple does not provide the upgrade to ATM 3.8.

DISCUSSION -----

Adobe Technical Support has indicated that customers can call Adobe (800-833-6687) to upgrade from version 3.7 to 3.8.

The upgrade costs \$29.95 and includes 30 fonts. Primarily, only Power Macintosh customers should be interested in the 3.8 version as it now has native code.
