Business Ed. Bundle: Trouble With South-Western Templates 12/95

Article Created: 20 December 1995

TOPIC -----

I have the Apple Business Education Bundle and am having difficulty opening some of South-Western Publishing's ClarisWorks Templates. When I double-click on either the Bonus Letter or Projected vs. Actual Sales items in Lesson 13 of the QuickCourse Solutions folder, I get a message stating "Please insert the disk: ClarisWorks Template." The options are Cancel or Open.

What should I do to open these files?

DISCUSSION -----

South-Western Publishing is aware of this issue and recommends clicking Cancel. You will receive the same error message again, but the files will open when you click Cancel the second time.
