## Hard Disk 20: No Multiple System Folders

This article last reviewed: 29 September 1987

The "Macintosh Update Hard Disk 20" documentation which accompainies all HD20's states:

Disregard any references to multiple system files on the Hard Disk 20 in your owner's manual. Apple does not recommend that you have multiple system files on the Hard Disk 20.

Instead, you could configure and "startup from" other volumes containing the applications, system files and fonts you want.
