HD80 SC and HD160 SC Drives: Noise Levels

This article last reviewed: 22 June 1989

TOPIC -----

This article gives the noise levels for the HD80 SC and HD160 SC drives.

DISCUSSION -----

The noise specifications for all of Apple 3.5-inch hard drives are the same. Measurements are taken 1 foot from the drive. At idle, the noise level is to be no greater than 45 dba. At seek, the noise level is to be no greater than 50 dba.
