TOPIC -----

I need the Adobe library numbers of the fonts in the ROMs of the LaserWriter IINT, IINTX, and Personal LaserWriter NT. I will buy additional fonts, but don't want to duplicate those already in the LaserWriter.

DISCUSSION -----

The Helvetica, Times, Symbol and Courier included with the LaserWriter printers mentioned don't have numbers; they are available only with ATM. ATM users are probably the only ones who would ever want a PostScript version of the font, since ATM uses the PostScript font to create the on-screen representation.

Here are the font library numbers for the others:

Font Number	Font
-----	----
1	Palatino
2	ITC Bookman
3	ITC Zapf Chancery
	ITC Zapf Dingbats
4	ITC Avant Garde Gothic
5	New Century Schoolbook

None of the font libraries has Helvetica Narrow.
