## ImageWriter LQ: Needs Super Serial Card for Apple IIe

Article Created: 18 April 1991

Article Last Reviewed:

Article Last Updated:

TOPIC -----

Can an Apple IIe with an old High Speed Serial Interface card run an ImageWriter LQ or do I need a Super Serial Card?

DISCUSSION -----

You need the Super Serial Card to drive the ImageWriter LQ from an Apple IIe. The older High Speed Serial Interface cannot be configured properly to work with the ImageWriter LQ.
