## LaserWriters: With No Straight Manual Feed (7/93)

Article Created: 9 July 1993

### Article Change History

-----

07/12/93 - REVISED

- Added the word "family" to the second paragraph in the Discussion

### TOPIC -----

Is it possible to do a straight through manual feed on a LaserWriter Pro?

### DISCUSSION -----

No. There is no possible way to do a straight through manual feed on the LaserWriter Pro. The straight through paper path was changed to an "S" shape paper path with the LaserWriter Select, the Personal LaserWriter and the LaserWriter Pro series.

The original LaserWriter, the LaserWriter Plus and the LaserWriter II family are the ONLY Apple laser printers that have a straight through paper path.
