LaserWriter Pro 600/630: Multipurpose Tray Paper Sizes (8/94)

Article Created: 11 August 1994

TOPIC -----

What are the minimum and maximum paper sizes supported by the LaserWriter Pro 600/630 multi-purpose tray?

DISCUSSION -----

The Canon P270 print engine that is used in the LaserWriter Pro 600 or LaserWriter Pro 630 supports the following paper sizes when using the multi-purpose tray:

	Minimum	Maximum
	-----	-----
Width	90mm (3.54 inches)	216mm (8.50 inches)
Height	165mm (6.49 inches)	356mm (14.02 inches)

The LaserWriter Pro 600/630 PPD files used by the LaserWriter 8 driver provides support for standard paper sizes. The PPD file may need to be modified if other sizes are required. Additional information on how to modify PPD files is available from Adobe Systems as part of their PostScript software development kit. The information can also be accessed in electronic format using the Adobe file server which is available on the Internet at <ftp.adobe.com>.
